

Student Course Outline Brochure

RIIMPO321F – Conduct Civil Construction Wheeled Front End Loader Operations

Construction Training International provides specialised industry training for anyone considering a career and employment within the Construction industry.

How Can Training Benefit You?

- Fun and flexible delivery of training and assessment by experienced industry trainers and assessors
- Learning of new skills
- Meet new people and gain confidence in your employment skills!

What Will I Receive Upon Completion?

A Statement of Attainment will be issued by CTI for the unit of competency completed.

What Content is covered in the Training?

This course covers the skills and knowledge required to competently operate a Wheeled Front End Loader.

It includes:

- plan and prepare for plant operations
- conduct pre-operational checks
- operate the item of plant
- attach, secure, lift, carry and place materials
- select, remove and fit attachments
- relocate the item of plant
- carry out machine operator maintenance
- conduct housekeeping activities

Units

Participants need to complete one unit consisting of:

Conduct Civil Construction Wheeled Front End Loader Operations

Who Can Undertake the Training?

Students are required to be over 17 years old, competent in written and spoken English and will undertake a Language, Literacy, and Numeracy test prior to commencing the training.

How often do the Courses run and what is their Duration?

Students are required to be over 18 years old, competent in written and spoken English and will undertake a Language, Literacy, and Numeracy test prior to commencing the training.

This is a Unit of Competency, 24 hour (3 day) course.

For experienced students, RPL (Recognised Prior Learning) can be applied for, which will decrease your course duration once your completed application is supplied.

Courses are run regularly throughout the year. Please speak to directly to Construction Training International for exact course dates.

Normal operating hours are 8am-4.30pm.

How is the Course Trained and Assessed?

Training and assessment will take place in RTO's training rooms by a qualified Trainer monitoring your progress.

The course is delivered with both theory and practical elements and is completed via a simulated work environment. The delivery of training will include a mixture of classroom delivery, group discussions and individual research.

Assessment is used to provide you with feedback on your progress and to measure your skills and knowledge against the training qualification requirements and those of the industry. The assessment process may include written questions, case studies and practical demonstrations.

How Much Will it Cost?

The cost of the course can be found on the Course Fee List. This can be accessed via the CTI website or by contacting the CTI Student Administration Department.

How do I Enrol?

Easily!

Simply complete the following steps and you could be on your way to completing the 'Work in confined spaces' course.

1. Read and understand the information contained in the Student Information Handbook
2. Select the course you wish to undertake
3. Identify the course fee via the Course Fee List
4. Contact the CTI office to find out the course dates and book into a course
5. Complete an Enrolment Form (including the LLN activity)
6. Sign the Enrolment Form to declare that you understand all of the information provided
7. Return the Enrolment Form to the CTI Student Administration Department with the tuition payment
